**Fiji National  
Forest Carbon Stock Assessment  
Version 1**

Compiled by Carbon Partnership Ltd. for  
SPC/GIZ Regional Programme - Coping with Climate Change in the Pacific Island Region and  
the Fiji Forestry Department

February 2011

Size: 862.86 KB

## Summary

The Fiji National REDD+ Strategy Workshop was held during 25-26 November 2010 in Suva to advance the Fiji REDD+ Programme by:

- o Providing an update on international policy, financing, and technical developments in REDD+
- o Undertaking multi-stakeholder consultations for the preparation of the Fiji REDD+ Strategy.
- o Advancing the national forest carbon stock assessment.

Immediately following this workshop further work was undertaken to advance the calculation of the national forest carbon stock assessment, and the preparation of a plan to improve forest carbon monitoring.

## Authors

Ian Payton  
Sean Weaver
