Summary

Vanuatu Christian Council (VCC) is a non-governmental organisation. It is made up of seven member churches: Presbyterian, Catholic, Church of Christ, Apostolic, Anglican, Assemblies of God, and the Seventh Day Adventist. VCC has been involved in the implementation of the climate change projects of the Australian Organisation, Act for Peace.

VCC is one of the four civil society organisations represented within the National REDD+ Technical Committee. The Readiness Preparation Proposal (R-PP) also highlights the role that VCC could play in stakeholder engagement for REDD+, given the network of different denominations throughout Vanuatu VCC provides. VCC also provides a potentially central avenue for information dissemination as many churches represented in the VCC are already active in community forestry.
